Reference Documents for the General Meeting of Shareholders

Proposals and References

Proposal No. 1: Appropriation of Surplus

Along with our efforts to enhance internal reserves required to maintain a healthy financial standing that can respond to changes in the future business environment and for growth investment, the Company maintains as its policy of distribution of profits to shareholders to aim at a consolidated shareholder return of 25% or above as we take into account the progress made toward the target of a consolidated operating income to net sales of 10% or above and a consolidated equity ratio of 50% or above, the goals announced in our “Challenge 2016” 3-year medium-term management plan (from the fiscal year ended March 31, 2015 to the fiscal year ended March 31, 2017), as well as the Company’s earnings performance in each fiscal year.

Accordingly, it is proposed that, in light of distribution of profits to shareholders and based on our certain achievements in this term to reach goals set forth in the Company’s medium-term 3-year management plan, year-end dividends for the 76th fiscal term be distributed as follows:

- (1) Matters concerning the distribution of dividend property to shareholders and its aggregate amount
87 yen per share of common stock of the Company, or 4,085,786,916 yen in an aggregate amount
- (2) Date on which the dividend of surplus becomes effective
June 28, 2017

Proposal No. 2: Election of Nine Directors

The terms of office of nine Directors, namely Messrs. Akira Ishida, Eiji Kakiuchi, Shin Minamishima, Katsutoshi Oki, Soichi Nadahara, Yoichi Kondo, Yoshio Tateishi, Shosaku Murayama and Shigeru Saito, will expire at the close of this Meeting. Yoshio Tateishi, Shosaku Murayama and Shigeru Saito are elected as proposed, their agreement will be renewed.
5. * indicates new candidate for Director.

Proposal No. 3: Determination of Amount and Details of Share Compensation, etc., for Directors

1. Reasons for proposal

The Company proposes to introduce a new performance-linked share compensation system (hereinafter the “System”) for Directors (excluding Outside Directors). Additionally the Company requests that details be entrusted to a resolution of the Board of Directors within the range set in 2. below.

The introduction of the System is intended to tighten the link between compensation paid to recipients and corporate performance, including the share value, of the Company and its subsidiaries. Under the System, recipients’ benefits will grow in step with rises in the share price while also being exposed to the risk of plunges in the share price. Accordingly, the System will better position recipients to share both the benefits and risks of fluctuations in share price with regular shareholders, thereby sharpening their motivation to improve corporate performance and value over the medium to long term.

In concrete terms, the Company proposes the share compensation for Directors as separate from the compensation limits (within the range of 480 million yen annually) approved at the 64th Ordinary General Meeting of Shareholders held on June 28, 2005. Additionally, if Proposal No. 2 “Election of Nine Directors” is approved in its original form, the number of Directors subject to the System will be six persons, excluding Outside Directors.

Further, Directors of the Company’s subsidiaries will also be covered by the System. The Company also plans to introduce a performance-linked share compensation system for Corporate Officers of the Company and its subsidiaries.

2. Amounts and details of compensation, etc. under the System

(1) Outline of the System

The System is a share compensation system where funds are entrusted to a trust account established by the Company (hereinafter the “Trust”), which will acquire the Company’s shares, and Directors will be granted the shares based on the points accumulated in accordance with in-house rules on the grant of shares formulated by the Board of Directors.

In principle, the shares will be granted to Directors at the time of their retirement.

For further details on the basics of the System, please refer to IR News, “Notice: Regarding the Introduction of a Performance-Linked Share Compensation System” released on May 9, 2017.

(2) Upper limit of funds contributed by the Company

The trust period of the System will be three consecutive fiscal years from the fiscal year ending March 31, 2018 to the fiscal year ending March 31, 2020 (hereinafter the “Initial Compensation Period,” and the Initial Compensation Period as well as each three-year period renewed thereafter is respectively referred to as the “Compensation Period”). As compensation for Directors, the Trust will be established by using funds contributed by the Company within the range of 750 million yen as upper limit to acquire shares of the Company necessary for granting those to Directors who satisfy certain beneficiary requirements. The Trust will acquire shares of the Company using funds entrusted to the Company through exchange markets (including external markets) or by receiving the disposal of treasury stock.

(Notes) The actual funds entrusted by the Company to the Trust will be the total of the amount necessary for acquiring shares of the Company for granting to Directors of the Company referred to above, as well as the amount necessary for acquiring shares of the Company for granting to Directors of the Company’s subsidiaries, trust fees, and an estimate of necessary expenses such as compensation for a trust administrator, etc.

At the expiration of the Trust Period, the Trust may be continued based on a resolution of the Board of Directors by extending the Trust Period by every three years of Compensation Period (including transfer of the Trust’s assets to a trust with the purpose identical to that of the Trust whereby the Trust agreement is essentially extended; the same applies hereinafter). In such case, the Company will contribute additional funds to the Trust within the range of 750 million yen as

upper limit during the extended trust period for the acquisition of shares of the Company for delivery to Directors. Additionally, the Company will continue granting of points stated in (3) 1) below and delivery of shares of the Company stated in (4) below during the extended trust period.

However, even in cases where such granting of points is discontinued, if there are Directors who have not received allotment of the entirety of the Company's shares corresponding to the number of points that have already been granted despite receiving allotment of points, the Trust Period may be extended until delivery of shares of the Company to such Directors is completed.

(3) Method of calculation for number of the Company's shares to be granted to Directors

1) Method of granting points to Directors and maximum amount of points to be granted

Based on the in-house rules on the grant of shares formulated by the Board of Directors, points will be granted to each Director according to position and performance on the day determined by the rules during the Trust Period.

However, the maximum total amount of points to be granted to Directors by the Company will be 75,000 points for each Compensation Period.

2) Granting of shares of the Company based on the number of granted points

Directors will receive shares of the Company according to the points granted as stated in 1) above by following the procedure stated in (4) below.

The number of the Company's shares to be granted to each Director shall be a the number of points granted to each Director multiplied by 1.0 (However, concerning the Company's shares, in the case that an event occurs that it is deemed reasonable to adjust the number of the Company's shares to be granted, such event as share split or reverse share split, a reasonable adjustment shall be made in response to the relevant ratio of share split or reverse share split.)

(4) Granting of shares to Directors

The granting of shares of the Company to Directors as stated in (3) above will be made from the Trust when each Director completes a given beneficiary confirmation procedure at his/her retirement. Provided, however, that a certain proportion of such shares may be granted in the form of cash after such shares are converted into cash by selling within the Trust. Further, concerning the Company's shares within the trust, in the event that the Company's shares within the Trust is converted to cash, such as in cases where payment is resolved in response to a public offering, cash may be granted in place of the Company's shares.
